

House rules Deltahof

(Translate with Google)

We assume that you use our holiday home properly, so that the following guests can also enjoy using it. You may use all items that are in the holiday home or belong to it. We ask you to be careful with the objects in and around the house.

Our property is intended for recreational purposes only. You may not use our property for any other purpose than that for which it is intended, i.e. not intended for celebrating parties & parties, etc., etc. in the broadest sense of the word.

Suspending garlands by means of adhesive tape, tape, double-sided tape, nails, drawing pins etc. and the use of confetti / crepe paper etc. is not permitted. Candles cozy, but don't leave them unattended.

Taking and using electrical appliances that require a lot of energy (such as heaters, air conditioning, fries, etc.) is not permitted. It is prohibited to charge an electric vehicle and/or a power bank for electric vehicles via a socket in the holiday home. It is also not permitted to charge the battery of e-bikes and e-scooters indoors (due to fire risk), preferably charge during the day and at the designated location.

Indoor frying or gourmet/fondue (and the like) are not permitted due to the rather strong odors (that linger in the house). This way you will arrive in a fresh-smelling, grease-free home and the guests after you will also arrive in a grease-free and fresh-smelling home. Very pleasant.

This is also due to possible overload of the power grid.

What is possible is (while maintaining the necessary caution) barbecuing on the private terrace.

Barbecuing with the available bbq is allowed (this must be left clean before the departure of the house)

It is forbidden to smoke in the house. We have ashtrays with sand outside.

Moving cupboards and beds, as well as sound or television equipment or taking outside any part of the interior inventory - other than natural crockery, glasses and cutlery for your meal outside - is expressly not permitted.

Retract parasol in strong wind and rain.

Remember that if you leave the house in the meantime, always close the doors and windows carefully.

Touring is permitted. Terrace cushions then inside.

Please reset the heaters thermostat if you are not in the house.

It is not allowed that the (day) visit stays overnight without consultation.

No drinks and food in the upstairs bedrooms.

It must be quiet between 23:00 and 07:00.

If the house rules are not complied with, we reserve the right to take appropriate measures and to settle any costs arising from this, in whole or in part.

The holiday home must be left in the following manner:

- Broom clean,
- Everything is washed clean, dried and placed back in the cupboards
- Garbage bags, empty bottles and old paper in the designated place
- Fridge, freezer empty and clean
- Removed all food and drink
- Report any breakage or damage to the owner.

Conversely, this naturally also applies. You can expect quality and reliability from us. If there are any defects or problems during your stay, let us know immediately so that we can do something about it / fix it immediately.

We are also at your disposal with questions about the house or about trips and similar matters.

But above all we wish you a very pleasant stay in our holiday home.

We thank you for your cooperation and understanding.

Do you have questions? You can always contact us. (Doorbell at our back door)
